

SYDNEY TECHNOLOGY LEADERS

6th December 2018

WELCOME

Thanks to our sponsors:

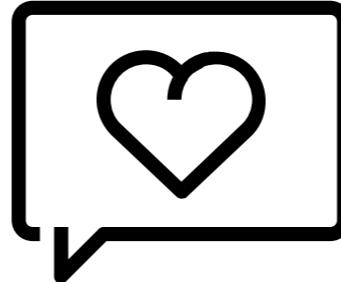

Welcome to Country

Sydney Technology Leaders would like to begin by acknowledging the Traditional Owners of the land on which we meet today, the Gadigal of the Eora Nation. I would also like to pay my respects to Elders past and present.

Call for speakers/venues/topics/sponsors

AGENDA

- 2019 Scheduling
- News & announcements
- Many angry lightning speakers
- Perhaps as many as a dozen
- Heckling after each speaker
- And before
- During?

2019 Scheduling

In 2019 Sydney Technology Leaders will switch to a bi-monthly schedule.

That's bi-monthly as in every two months. Not the bi-monthly that's twice a month. English, eh ¯_(ツ)_/¯

We'll be scheduling speakers to speak on set topics on the odd months, and informal social gatherings and co-organised meetups inbetween.

☕️ And maybe breakfast meetups.☕️

2019 Scheduling

We will generally meet on the 3rd Thursday of every other month.

Next meetup is ... CTO Summit Recap on 24th of January.

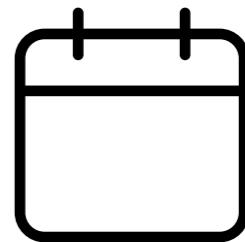

Which yes, is the 4th Thursday. Well spotted.

First week of January is Phoney Time anyway.
Doesn't count.

Y! Lambda Jam

[**YOW! Lambda Jam 2019 Call For Presentations - Lambda Jam**](#)

YOW! Lambda Jam is a conference for applied functional software developers. The conference provides the opportunity to share experiences so that attendees can improve software development using the principles, practices and tools of functional programming. Lessons learned and specific practices are very important for this pragmatic conference, hence we encourage submissions which deal with the

Y! YOW! Data

[**YOW! Data 2019 Call For Presentations - YOW! Data**](#)

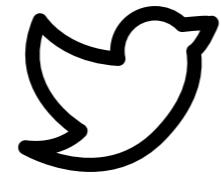

Share Your Data Intensive Experience! YOW! Data is a two day technical conference for data professionals, researchers and educators to share their challenges, best practices, experience, techniques and tools. It provides data architects, engineers, scientists; database; visualisation and machine learning specialists to discuss issues in designing, building, managing data systems and applications. Lessons learned and
